118-'04-05 of the 6th Instant, ordering that the question of disposal of the ground behind the Sayaji Rao Road Frontage is reserved for future consideration, I have the honor to submit for the information of Govt. a copy of the Trust Board's Resolution No.III of the 11th January 1905 on the subject matter.

2. It is to be noted also that a portion of the Mysore City Central Police Station Building will have to be dismantled to widen the Railway Station Road. It is feared, whether the curtailed Building will answer in full the requirements of the Central Police Station and its accompaniments. It is suggested that a convenient structure can be built to answer all purposes at the corner where the Sayaji Rao Road and the Railway Station Road meet. A tracing plan of the locality is also enclosed for ready information. The Chief Engineer and the Inspector General of Police have been addressed on the subject.

3. As resolved at the Board's Meeting the ground now cleared ~~will~~ appears to suit the requirements of other Public Buildings
